

# TANK LINING SPECIALISTS

## For Your Corrosive Environments

**T**horpe's team is the industry service leader in steel tank and concrete lining systems for most corrosive service conditions. Our skilled service crews are trained and experienced in corrosion resistant lining systems per NACE and SSPC guidelines and certification requirements. Our work includes both internal and external equipment surfaces, both on steel and concrete substrates. Our crews use an array of materials including thermosets, thermoplastics, fluropolymers, elastomers, and fiberglass to provide the most comprehensive engineered systems for the most difficult corrosion problems in the industry.

### Systems and Service Offerings:

- Inspection Services
- Engineering and Design
- Spray Applied Coatings and Lining Systems  
*(thin film & high build systems)*
- Hand Trowel Applied Lining Systems
- Rubber Lining Systems
- Hand Laid Up Fiberglass Linings
- Welded –Bonded Sheet Thermoplastic and Fluoropolymer Lining Systems
- Reinforced Structural Glass Lining Systems
- Brick Lining Systems
- Polymer Concrete Lining Systems

## CORPORATE HEADQUARTERS

### Thorpe Specialty Services Corporation
